

SMOOTH-WALL

ARCHITECTURAL ROOFING PANEL

Smooth-Wall is our distinctive solution for exterior and interior walls, facias, soffits and equipment screen applications. A concealed-fastener panel system is key to achieving its clean appearance. Available in smooth or stucco-embossed finishes, with optional perforations for ventilation.

FEATURES

- 1" profile height
- 14" panel widths
- Custom panel lengths
- Zinalume aluminum-zinc coated steel available in 24 or 22 gauge (special order)
- Aluminum alloys available in .032" or .040" (special order)
- Standard or custom Durapon 70 factory color finishes
- Custom panel face treatments (striations, stiffening ribs). Striations recommended to minimize oil canning.
- Apply over decking or open framing
- On-site manufacturing
- Optional venting available

NOTE: PANEL WIDTH IS NOMINAL - VARIANCE $\pm 1/8"$
